VOLUME 1 – SUMMER 2007

NEW YORK, NEW YORK

Recently completed 3 new paintings of street scenes in New York City. All try to catch the hustle and bustle of the Big Apple. Giclées of each are available through the website. "Bryant Park" (A) was completed in August – limited edition of 100, 24" X 12". "5th Avenue" (B) is also a limited edition of 100 and is 24" X 12". "New York Corner Market" is 10" X 20" and is a limited edition of 15 – get this giclée before it sells out. Each is signed and numbered. Learn more about the background and inspiration for these paintings on the website.

SEATTLE

Was on a business trip in Seattle – ate at a restaurant across the bay from the city, and captured this scene. Was meticulous about this one – every building in the painting is actually there. Signed, numbered, limited edition of 100.

ONIONS AND TOMATOES

Recently completed a number of tomato and onion paintings. I know – where are the people (usually try to incorporate people somewhere in my work)? Well, I just wanted to unwind, and I liked the hard lighting on the spherical objects – allowed me to keep the brushstrokes loose. Wasn't planning on turning these paintings into prints, but a friend wanted the 4 for her kitchen and convinced me. Each is 8" X 10" (or, 10" X 8"), a limited edition of 15, and printed on German etching paper, a real thick, soft paper that softens the image. Each is signed, numbered, and ready for framing. Makes a great gift.

DOWN THE SHORE

My family spends a bunch of time at the New Jersey shore over the summer. This year, I painted a number of scenes that capture the late afternoon/evening light at the shore. Many of these paintings are not available for sale. Images and information on the paintings are available in the "Private Collection" of the website. But, these paintings may be available in the future - if you're interested in a giclée of one of these paintings, please let me know (call or write at the website).

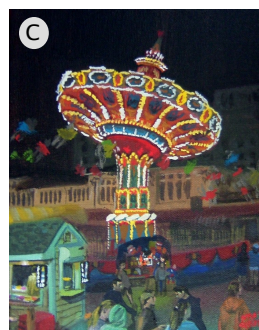

"THE ROAD KINGS" RAISES OVER \$3,000 FOR CYSTIC FIBROSIS!

Painted this scene to commemorate the 25th Anniversary of the company I work for, Airgas. Airgas had Orange County Choppers build the 2 bikes in the painting and is donating funds raised by touring the bikes to Cystic Fibrosis. Decided to get in on the action - all profits made from the "The Road Kings" reproduction sales are donated to CF. You too can get in on the action - reproductions of this painting are still available for a limited time. Own art. And help a worthy cause.

SWINGING

Have always been fascinated with giant swings and carousels. Like the idea of paintings within the painting. Wonderland Swing (A) and Wonderland (B) feature the swing at the Wonderland Pier in Ocean City, New Jersey. Both are available as signed, numbered giclées. Night Swing (C) and Giant Swing (D) feature the other swing at the amusement pier in the middle of the Ocean City boardwalk.
